1. Company information

- LLC "SC Metal Market"- is an industrial trading company, operating on Russian market since 2008
- Has constant relationships with manufacturers
- Organizes full supplies of pipeline parts, rolled metal, parts for construction field companies, Communities, machine building, nuclear, energy, petroleum, gas and chemical industries.
- Warehouse in Moscow, branches in Dzherzinsk and Belgorod
- Equipment supplies – company LLC “Himmash-Apparat” of our holding
- Annual average income 300 mln RUR

2. Fields of activity

2.1. Pipeline parts

TEES

- Welded
- Seamless
- Machined
- Stamp welded
- Welded cover bars

DISH HEADS

- Flat
- Elliptic
- Torosphere
- Cone
- DIN

REDUCERS

- Welded
- Seamless

FLANGES

- Pipeline
- Flanges and blinds
- Machine flanges
- DIN/EN/ASME

ELBOWS

- Welded
- Curved
- Short radius

Most demanded items on stock

2. Fields of activity

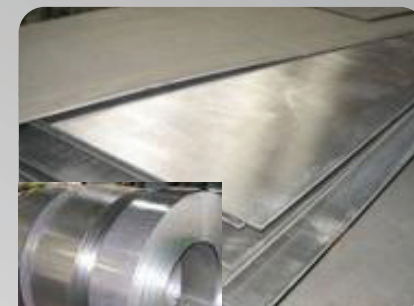

2.2. Rolled metal

Pipes – seamless, welded, round, square

Long size rolled material – bars, square bars, hexagon, reinforcements

Flat rolled plates – thin and thick plates, rolls

Rolled shape – corner, H-beam, channel bars

Special steels : 06XН28МДТ, 20X23H18, 20X20H14C2, 10Г2C1, 5XHM, 30XГТ, 32HKД

Stainless plates always on stock up to 2000x6000mm

2. Fields of activity

2.3. Clad metal

Clad metal - Steel material made of 2 layers of different steel or alloy. Manufactured by **explosion welding**

Base: Thickness 5-200 mm, width 3200 mm, length up to 8000-12000 mm.

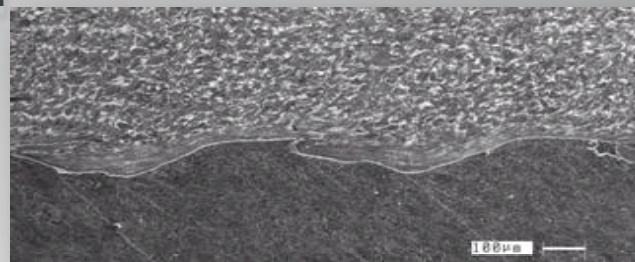

Material- carbon steel, low-alloyed steel, high-alloyed steel, alloys

Clad plate: thickness- 1-30 mm

Material - Материал – high-alloyed steel, titanium, copper, bronze, nickel, nickel and Fe-Ni alloys e.t.c.

Two layer plates are made according to GOST 10885-85 with 100% sonic control.

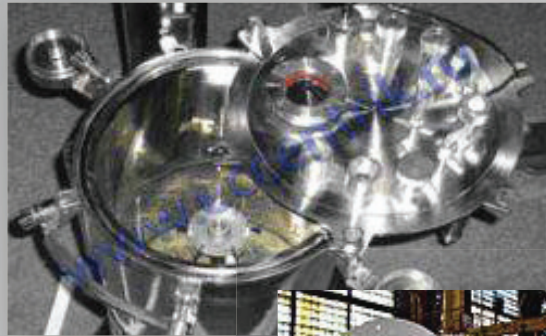

Our company approved engineering specifications for clad metal for nuclear (TY 0993-001-21414987-2012), oil and gas (TY 0995-175-00220302-2012) and power (TY 1882-174-00220302-2013) industries.

2. Fields of activity

2.4. Equipment

Columns

Filter equipment

Metal structure

Valves

Mixers

Heatexchangers

Vessels and tanks

Reactors

Pressure vessels

Parts

Equipment under drawings

Spheres and gas holders

Static mixers

2. Fields of activity

2.5. Import

General industry

- bolts, pins ASTM A193/A320 grade B6, B7, L7, B16, B8, L43 e.t.c.;
- nuts ASTM A194 Gr.2H, Gr.4, Gr.6, Gr.7, Gr.8 e.t.c.

Flanges and Blinds ASME 16.5 ASME 16.47

- WN, SO, SW, Blind

Flange gaskets ASME B 16.20, ASME B 16.21

- Spiral wound, ring, ridged

Castings

- ASTM A105, A350, A543, A723, A765, A181.

Fittings

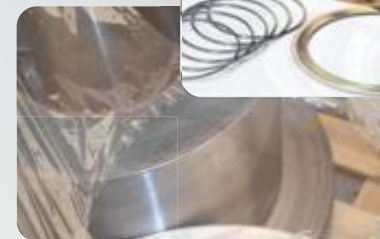

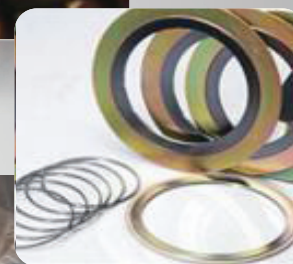

- ASME B 16.9-2003

Pipes

- SA-106 Gr. A, B, C; SA-333 Gr.6; SA-312 TP347, TP316L; SA-335 TP-11 e.t.c.

Dish heads, tanks

- DIN, ASME; spheres, heat exchangers

3. Main clients, projects

Pipeline parts

Inter RAO for «ESTE
HABANA»

FPK «Cosmos-Neft-Gas»

OAO «Borhimmash»

OAO «NPO GeliyMash»

Clad metal

OAO «Penzhimmash»

OAO «Vostsibmash»

NK «Rosneft»

OOO «Zenit-Himmash»

Import

OAO «Penzhimmash»

OAO «Uralhimmash»

OAO «Schekinoazot»

OAO «Tatneft» for OAO «Taneko»

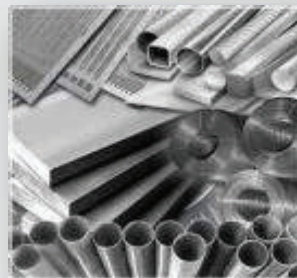

Other

OOO «Nizhnekamsk-
neftehim-divinil»

NK «Bashneft Polus»

OAO «Gazprom»

4. Our advantages

- Engineering approach to projects implementation and orders
- High culture of work with partners, meeting the needs of the client
- Constant monitoring of the market and marketing solutions allow us to offer customers the best price and availability in stock
- Supply on time, efficiently and reliably
- Offer customized solutions and complex tasks

Thank you for your attention!
